SKILLS

Frontend: Javascript**,** Typescript, React.js**,** Next.js**,** React Native, Redux**,** Vue.js, Tailwind**,** CSS
Backend: NodeJS**,** Express.js, SQL, NoSQL, Prisma
Soft skills: Problem-solving, Teamwork, Deliver Results

EXPERIENCE *(Freelance Work)*

News Website Maintenance   Jan 2022
- Developed and maintained a news website, implementing responsive design and ensuring optimal user experience.
- Implemented regular updates, troubleshooting, and enhancements to keep the site current and engaging.

E-commerce Web Application Development   Sep 2022
- Designed and developed a robust e-commerce web application with React.js, Redux Toolkit, and Tailwind on the frontend, and Express.js with MongoDB on the backend.
- Collaborated closely with the client to understand requirements, providing technical solutions, and delivering a high-quality product.

Landing Page | Geekfolio   Aug 2024
- Created a dynamic and visually appealing landing page using Next.js, leveraging Tailwind CSS for responsive design and Framer Motion for fluid animations.
- Structured multiple interactive sections with smooth transitions, ensuring a high-performance and user-friendly experience across different devices.

Personal Projects

Notion-like App;
- Built a Notion-inspired application for easy note-taking, idea organization, and collaboration.
- Developed with Next.js,TypeScript and TailwindCss, using BlockNote.
- Optimized for speed and simplicity, making it ideal for both personal and team workflows.

Crud App – Advanced crud app using T3 stack;
- Implements user authentication with NextAuth for a secure and streamlined login process.
- Utilizes Prisma as the ORM (Object-Relational Mapping) tool for seamless interaction with the database, ensuring efficient CRUD operations
- Tech Stack: Built using the T3 stack, which includes TypeScript, Tailwind, and Next.js.

Education

Ukshin Hoti University, Faculty of Computer Science | B. Sc. in Computer Science (2017–2021)
